NO HASSLE, JUST COMMISSIONS

PlayCentral Express Terminals are as convenient as they are profitable for your business. Here's why:

- Ease of sales (self-service machines).
- Reduced inventory management.
- Terminals have minimal footprint (22" x 21").
- We handle any hardware and software maintenance.
- We provide wireless connection. No hardwiring required.*
- We provide dedicated, statewide marketing and support.

OFFER GAMES YOUR CUSTOMERS LOVE.

The best part? Little to no inventory management for you!

PlayCentral Express Terminals are installed in your establishment ready to go, with access to all the draw games and Fast Play™ games the Arizona Lottery offers. When new games are released, they'll automatically download to your terminal, with zero effort on your part.

FAST PLAY GAMES

A variety of Fast Play games are available for players who like the instant gratification of winning. Fast Play tickets have a similar play style to Scratchers®, but print like draw game tickets.

DRAW GAMES

The most recognizable draw games are Powerball® and Mega Millions®. When jackpots soar, so will your sales and commissions! The PlayCentral Express Terminal also offers four in-state games that appeal to local jackpot players, including The Pick™, a long-standing favorite.

MUSIC TO YOUR EARS

Because the PlayCentral Express does not dispense Scratchers® tickets, there's no need for you to stock the machine. All games print from a roll of paper, making the re-loading process quick and easy.
