Retailer Bonus Commission

All lottery retailers earn 6.5% on lottery sales in their stores. In addition, qualifying retailers may earn an extra one-half percent bringing total commissions to 7%.

Here's how it works:

During each bonus sales period, retailers with a sales performance that exceeds the Lottery's increase by 5% or more will earn an additional half-percent commission. For example, if the Lottery achieves a 4% increase in total sales, retailers must achieve 9% or more to receive the bonus. Must be a licensed lottery retailer for a minimum of one year to be eligible.

Bonus performance sale periods

- July 1 through December 31
- January 1 through June 30

To qualify for an incentive, the retailer must be in good standing at the time of the sale of the ticket eligible for incentive per the Arizona Lottery rules. To qualify for the Bonus Commission, the retailer must have an active Arizona Lottery license and be in good standing per the Arizona Lottery rules.
